The world between the Worlds has known no peace since the death of the previous king. The earth has been torn open and the Elden, the legendary people of ancient times, appear. Their deep and honorable swords, valor and divine protection of the land are slowly turning the tide of the war. A strong king has stepped up and reigned over the Lands Between and peace is on the way. However, the peaceful times are only fleeting...The land that was once abandoned has once again been turned into a battlefield. The creatures of the natural world, both living and sentient, have now joined the fight. The strength of the Lords lies in their powerful weapons, armor and magic. In the history of the Lands Between, the most powerful warriors have taken part in the wars, and their swords and bones have been buried deep within the ground. Only a few, the Elden Lords, emerged with grace and honor after the destruction. As they journeyed across the Lands Between, they encountered the wounded earth and its denizens. They met some and saved others. At last they arrived at the end of the land and discovered the World of the Gods. There, they met the Divine Princess, the Exalted Queen, and the Sacred King. The King entrusted his divine sword of light to the Elden Lords and the princess entrusted her sword of darkness to the Elden Lords. They together bestowed the sacred sword of light upon the center of the Lands Between. With the divine sword, the Elden lords began a new and glorious civilization on the earth. For the first time in recent memory, the Lands Between bloomed with the life of the mind, the beauty of creation, and the music of the divine.
